

Revised Volume No. 1. Columbia filed its SFC Tariff provision and resulting initial SFC as part of its August 1, 1995, general rate case filing pursuant to Section 4 of the Natural Gas Act initiating Docket No. RP95-408. The SFC was accepted and suspended effective February 1, 1996, and it is currently set for hearing before an Administrative Law Judge in Docket No. RP95-408. GTC Section 46.3(b) requires Columbia to restate the SFC twice a year (Adjustment Filings). This filing is Columbia's first Adjustment Filing recalculating the SFC pursuant to GTC Section 46.3(b) to be effective August 1, 1996. By this filing, Columbia is proposing a reduction in the SFC to reflect adjustments to the unamortized balance of "Stranded Facilities Costs" including: collections for the first biannual collection period; updates for actual activity since February 1, 1996, including for the actual net book value of stranded facilities as of January 31, 1996; the collection of only FERC interest on the unamortized balance; certain capital expenditures to maintain stranded facilities; and to reflect other adjustments as more fully explained in the filing. Columbia states that it has recalculated the SFC based upon projected demand determinants for the twelve month period commencing August 1, 1996, consistent with GTC Section 46.3.

Columbia states that copies of its filing are available for inspection at its offices at 1700 MacCorkle Avenue, SE., Charleston, West Virginia, and 700 Thirteenth Street, NW., Suite 900, Washington, DC; and have been mailed to all firm customers, affected state Commissions and interruptible customers.

Any person desiring to be heard or protest said filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC. 20426, in accordance with Sections 385.214 and 385.211 of the Commission's Rules of Practice and Procedure. All such motions or protests must be filed as provided in Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are

Florida Gas Transmission Company; Notice of Proposed Changes in FERC Gas Tariff

July 8, 1996.

Take notice that on July 1, 1996, Florida Gas Transmission Company (FGT) tendered for filing as part of its FERC Gas Tariff, Third Revised Volume No. 1 the following tariff sheets to become effective August 1, 1996.

Second Revised Sheet No. 122

First Revised Sheet No. 122A

FGT states that Section 10.E. of the General Terms and Conditions (GT&C) of its FERC Gas Tariff provides shippers the opportunity to delegate the tasks associated with nominations and scheduling, as well as other administrative tasks, to one or more designees. Paragraph 1(f) of Section 10.E. requires that if such designation encompasses the resolution of imbalances or payment responsibility under Sections 14 and 15, respectively, of the GT&C, the designee must meet the creditworthiness provisions set forth in Section 16 of the GT&C. The instant filing eliminates this requirement that designees be creditworthy. Rather, the shipper shall retain such responsibility as set forth in Paragraph 1(g) of Section 10.E., unless otherwise agreed upon in writing by FGT.

Any person desiring to be heard or to protest said filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street NE., Washington, D.C. 20426, in accordance with Sections 385.214 and 385.211 of the Commission's Rules of Practice and Procedure. All such motions or protests must be filed as provided in Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene.

Copies of this filing are on file with the Commission and are available for

public inspection in the Public Reference Room.
